Criteria for the safe and successful installation of satellite receivers and antennae:

Based on the size your antenna equipment (*Dishes larger than (1) One Meter are not permitted on the roof*) and location of the extensions final destination, your equipment may or may not be placed on the roof of the Las Vegas Convention Center. Antenna Placement is based on size of equipment and final destination of the extension. All equipment placement is based on a first come, first serve basis.

Roof Placement must be coordinated through the Las Vegas Convention Center Engineering Office – (702) 892-0711. Ground Placement (*Antennae Larger than (1) One Meter*) must be coordinated through the show manager and the Las Vegas Convention Center Engineering Office – (702) 892-0711.

All antenna equipment must be placed by your own installer. Smart City, The Las Vegas Convention Center & the show decorator do not place any antenna equipment. All installation companies are subject to EAC requirements. See page 2 for additional info.

LIMITATION OF LIABILITY

Except for claims for physical injury to persons, Smart City and its suppliers or subcontractors will not be liable for any special or consequential damages, or for loss, damage or expense directly or indirectly arising from customer's use or inability to use the system either separately or in combination with other equipment or software, or for commercial loss of any kind (including loss of business profits) based upon breach of warranty, breach of contract, negligence, strict tort or any other legal theory whether or not Smart City or its suppliers or its subcontractors have been advised of the possibility of such damage or loss. Some states do not allow limits on warranties or on remedies for breach in certain transactions, in such states; the limits in this section may not apply. In no event shall liability exceed a refund of amounts actually paid to Smart City by company for their network attachment.

(1) All Customer Contracts are solely between Smart City and the prospective Customer; (2) Smart City is not the employee, agent, or partner of the Facility; (3) The Facility is not a party to, nor shall it have any obligations or liabilities whatsoever to any Customer, under any Customer Contract, including without limitation, the obligation to provide any of the services covered by such Customer Contract; (4) No representations or warranties are being made by the Facility with respect to any Customer Contract or any Communications Services; (5) The right of the Customer to receive any Communications Service will be terminated if this Agreement is terminated for any reason provided therein; and the Facility will have no obligation to continue providing such services unless the Facility elects in its sole discretion to continue to provide such services itself or through a third party; (6) The provisions of the Customer Contract are separate and independent from the provisions of the Customer's lease space in the building and shall not affect the Customer's obligations under such lease and without limiting the foregoing, in no event shall any default by Smart City under the Customer Contract or any failure with respect to any Communications Services have any effect on any Customer's obligations to the Facility under any lease or other occupancy agreement between such Customer and the Facility.

Voice and Data communications cabling. Smart City is the **exclusive installer** of Voice and Data communications cabling. Smart City provides cabling to booths, within booths (under carpet and flooring) and from booth-to-booth. Fiber Optic, twisted pair (Category 3, 5 and 6), coaxial and all other data and telecommunication cable fall under Smart City's area of expertise.

IMPORTANT!! Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us. You may use a different floor plan for each service group (Telephone, Internet, etc.) or combine all services on one floor plan. For a floor plan to be considered complete it **must** include all the information listed below (Main Distribution Location "MDL", designated location of items within the booth, surrounding booths, scale-length and width).

Adjacent Booth or Aisle# _____

Adjacent Booth or Aisle# _____

X = Main Distribution Location (**MDL**) – The originating line(s) for service, whether from overhead, a floor pocket or a column, will be delivered to a "**MDL**" before being distributed within your booth. Example: Storage area, back of booth, etc. (unless specified, the default for the "**MDL**" will be the back of the booth or at Smart City's discretion, the most convenient location). All distribution of services to their final destination within the booth will originate from the "**MDL**". A per line move fee will apply to relocate services within your booth after they have been engineered and / or installed.

T = Location of Telephones, Fax lines or other telecommunications equipment "**T**".

I / H / PC / C = Location of primary Internet Service "**I**", Hubs "**H**", Patch Cables "**PC**" and / or Computers "**C**". For Smart City to perform your floor work, you will need to indicate the location of each item you want cabled. Make sure to order your floor work, hubs, and patch cables early and in advance of the show moving in.

Orientation = The Booth or Aisle #'s surrounding your booth. A minimum of one surrounding Booth or Aisle # is required (two or more would be more helpful) for Smart City to accurately install your services.

Size = Booth dimensions (example 10x10) _____. **Scale** = 1 Box is equal to _____ ft.
